CHANGES ANNOUNCED

Reorganization of the Fire Department.

LIST OF PROMOTIONS

POSITION OF DEPUTY CHIEF ENGINEER CREATED.

Assistant Chief Wagner Designated for That Office—Other Officers Advanced—Battalion Chief.

The changes and promotions in the force of the District fire department in connection with the reorganization of that department as provided for by the last District appropriation act were announced today by Commissioner Macfarland, who has supervision over the department. The appointments and promotions were recommended by Chief Engineer William T. Belt and approved by Commissioner Macfarland.

Frank J. Wagner,
Deputy Chief Engineer.

Under the law the position of deputy chief engineer is created; the titles of the three assistant chief engineers will be changed to that of battalion chief engineers; the title of foreman in the department will be changed to that of captain, and assistant foremen will be designated as lieutenants.

The Promotions.
Assistant Chief Engineer Frank J. Wagner is promoted to the newly created position of deputy chief engineer, with an increase in salary amounting to \$300 a year.

Acting Assistant Chief Engineer John Sherman will be promoted to the position of battalion chief engineer, to be retired, at the age of 65.

John Sherman,

IN ANNUAL CONGRESS.
Sons of American Revolution Meet—Washingtonian Honored.

The annual congress of the Sons of the American Revolution was held last week at St. Louis. The congress convened with in the grounds of the world's fair at the Pennsylvania building, which was placed at the disposal of the delegates by the state of Pennsylvania. The society reported a membership of 12,000, and 150 delegates, representing state societies from Maine to California, were present at the congress.

Matters of a patriotic character were discussed and acted upon, among them being the encouragement of historical research in relation to the American revolution, acquiring and preserving the records of the individual services of the patriots of the period of the revolution, as well as documents, relics and landmarks; marking the scenes of the revolution by appropriate memorials; celebrating the anniversaries of the prominent events of the revolutionary war; desecration of the flag, etc.

Receptions to delegates were held at Festival Hall, where Governor Francis welcomed the congress to St. Louis and the world's fair, and also at the Missouri and Connecticut buildings, the former under the auspices of the Missouri Society, Sons of the American Revolution, and the latter upon the invitation of the commissioners from Connecticut.

The District of Columbia Society, Sons of the American Revolution, which contains about 600 members, was represented at the congress. Its president, John Paul Earnest, of this city, was elected a vice president of the national society.

Three Soldiers Drowned.
A dispatch from Watertown, N. Y., says: News received here shows almost conclusively that Corporal Joseph Burt, Private Peter Benson and Artiller John Powers of Company H, 9th United States Infantry, were drowned on Saturday while sailing from Madison barracks to the government rifle range at Stony Point. Their small boat, filled with water and with rifles lashed inside, was found by bathers off Bull Rock Point, and the boat's rudder was picked up by a yacht. The theory advanced by some that the men deserted and turned the waterlogged boat adrift is generally regarded as absurd. All the men had excellent records.

SUNDAY SCHOOLS COMBINE.

Annual Excursion to River View—The Program of Exercises.

Saturday next promises to be a gala day for the members of the Sunday schools of the First and the Mount Pleasant Congregational churches, when the two schools will jointly have their annual picnic at River View. The steamer Samuel J. Pentz has been chartered for the occasion, and will make three trips, as follows, from the 7th street wharf: 10 a.m., 2:15 p.m., 6:45 p.m.; returning the boat will leave River View at 12:15 p.m., 5 p.m., 8 p.m., 10:30 p.m. Unusual interest is being manifested by the children of the Sunday schools in the picnic this year because of the attractive program which has been arranged, and of the desirable location for the picnic. The grounds as well as the boat are chartered for the occasion, and the bar will be closed. Lemonade and ice will be given free to the members of the Sunday schools. Picnic parties will be expected to furnish their own lemonade buckets.

The program for the day will include music, field games, base ball games between match teams of boys and girls, running races, sack races, potato races for boys and girls; boating, fishing, merry-go-round, etc. The events will be carried out immediately after lunch on the athletic field.

The following committees are in charge: Arrangements—James E. West, chairman; Walter H. Hargraves, Eben W. White, Miss Clara O. Richards, M. T. Moomaw, Dr. W. M. Wooster and E. B. Henderson. On Athletics—Robt. H. Young, W. K. Quiliter, Philip Tindall, E. C. Root, Chas. L. Gooch and Raymond Miles.

On refreshments—H. M. Kingsley, Mrs. Frank Towner, Duncan Stuart, W. J. Bowman, M. W. Baldwin and Miss Gussie M. Nichols. On games for girls—Mrs. F. D. B. Ingalls, Miss Cornelia Rand, Miss Grace Moser, Miss Fanny Stocking, Miss Linda M. Tweedale and Miss Mary Louise Steman.

It matters little what it is that you want—whether a situation or a servant—a "want" ad. in The Star will reach the person who can fill your need.

Chief Belt's Recommendation.
All the changes, appointments and promotions in the various ranks in the department to be made under the act are recommended by Chief Engineer Belt as follows:

That Frank J. Wagner be appointed deputy chief engineer; that John Sherman
